NuBeauté™ Skin Care Line

In 1995, the Founder and Creator for *NuBeauté* Line was pursuing her CIBTAC International Diploma in Skin Care, where she travelled to England, France, Australia, and Taiwan, to compliment her curriculum. Learning from textbooks meant learning from existing and developed products. To understand the story behind the products, she had to speak with various formulators of leading skin care lines who often spoke at conventions and seminars in her travelled cities.

Each time she was able to meet with them, she asked a very simple question: “*If you had to create your own line all over again, what would you do differently?*” This simple question led to outpourings of passion and knowledge that textbooks could never give students an insight on.

Armed with the knowledge of how certain ingredients work and interact with each other, the next step was to look for any existing products that utilize these ingredients in their suggested form. *There were none!* She found that Skin Care products usually fall into two extreme categories: One was the pure botanical spectrum, and on the other end, there is the high-tech, heavily perfumed, and chemical-laced formulas. Each have their advantages, but each group could also cause different irritations for different people.

There really wasn't a line that suitable for all skin types, genders, or race that could also revitalize and replenish. *That was the mission!*

→ ***To create a line that would do that!***

After four years of trials, re-formulations, consultations, and test marketing, Nutrican introduced the *NuBeauté* Line in 2002. It is truly an exciting line, yet with such a simple concept that works for all skin types, genders, and race.

So What's So Special about NuBeauté?

It is the first skin care from Canada line that contains:

No Fragrances
No Dyes
No Bee-Products

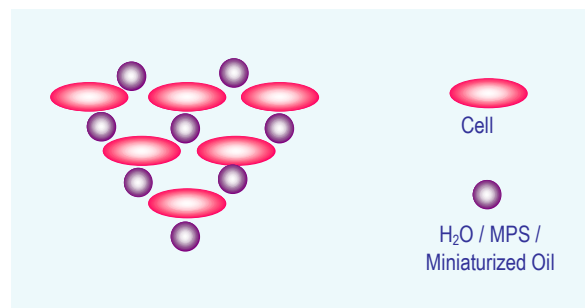

No Alcohol
No Soaps
No Animal-by-Products

No Colours
No AHA

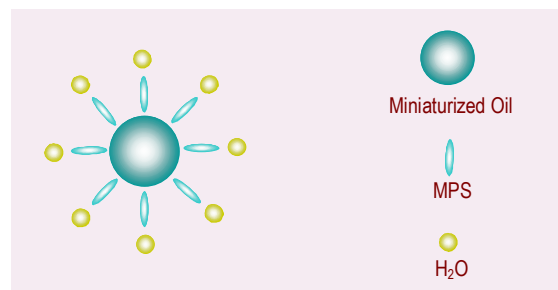

and **are not tested on Animals**, in a perfect **pH 5.5 balance** which is the pH of our skin. It is neither a pure botanical line, nor is it chemical-laced. It's clean, pure, and effective formulation is for all skin types, genders, and race with no irritations.

What are some of the Ingredients that make it so Effective?

NuBeauté skin care products contains an special water-soluble moisturizer derived from high quality Aloe Vera called **MUCOPOLYSACCHARIDES** (MPS) which is a gel-like substance that is known for its ability to carry water and nourishment (oil molecules) deep into the skin without causing irritation. MPS also holds your skin's collagen and elastin together, giving it a firm and elastic property.

In addition, all *NuBeauté* products are made with natural oils, herbal extracts, vitamins, antioxidants, and pure water. *NuBeauté* products' small oil molecules can be easily absorbed at the deepest layers of the skin which are then, nourished and moisturized.

Research studies also suggests that **Muccopolysaccharides** are used in burn treatments, they are responsible for wound-healing activities because they act as a growth factor. This growth factor contributes to wound-healing by stimulating fibroblasts (*connective-tissue cells*) to produce more collagen, which in turn increases the remodeling of the wound and fills in the wound area. Acting synergistically, **Muccopolysaccharides** keeps the wound moist and at the same time allow oxygen to penetrate the wound, adding to the regeneration. -- *Drugs & Cosmetics Journal (June 1977)*

NuBeauté™ SKIN CARE PRODUCTS

1. CLEANSING MILK

150 mL

A gentle cleanser which effectively removes embedded impurities and make-up while maintaining skin's natural pH value. Also contains Hemp Oil, Shea Butter and hydrolyzed human hair keratin protein to moisturize and condition the hair shaft. There are no fragrances, dyes or other harmful ingredients. *Shake well. Apply conditioner to hair. Leave it on for at least 1 minute. Rinse thoroughly.*

Testimonials

I recently ordered a **Cleansing Milk** and **Balance Toner** from Nutrican and I just had to write and tell you how impressed I was with my entire experience! I have purchased many different products, but all I did was waste my money because the products had added fragrance which irritates my skin. Now, NuBeauté helps me keep a youthful look without wasting money!

-- Chhour (Toronto, Canada)

I use **Cleansing Milk** daily which I absolutely love the texture. The cleansing is wonderful! I also love the Moisturizer which locks the natural moisture of the skin, always keeping me feeling fresh!

-- Salina (Richmond Hill, Canada)

I have been using the NuBeauté **Special Treatment Program** for about a month, and have already noticed a major difference. My skin has never felt this soft or silky!

-- Maria (Calgary, Canada)

My skin used to be patchy, dull, flaking, oily and uneven. After using NuBeauté **Hydrating Gel**, it's smooth, even and oil free! My wife even compliments me daily on the difference! Plus we both love the fact that it doesn't contain any fragrance.

-- Anthony (Washington D.C., USA)

Once I got NuBeauté **Organic Shampoo** and **Organic Conditioner**, I immediately tried them. Well, I never knew my hair could have such life! It is so full, manageable, and vibrant! I can't believe this is my hair!

--Paul (Hong Kong, China)

I just thought I'd e-mail you and tell you how much I love the **Organic Shampoo**. My hair looks so great and it feels so soft, I can't stop touching it. I love this shampoo and can't believe how good my hair looks!

-- Peggy (Montreal, Quebec, Canada)

Oh my God. It really works! I was impatient the first few days to see results from the **Bust Developing Cream**, but 2 weeks later I noticed that my breasts felt firmer and looked fuller! Thanks so much for such a cool product!

-- Diana (Singapore)

Bust Developing Cream is great!!! My breasts are firmer and I could really notice the difference. Thank You!

-- Lori (Toronto, Canada)

I was instructed on the benefits of a good skin care routine. Over the years I have spent thousands of dollars on top of the line skin care products only to be disappointed with their high product claims and less than satisfactory results. The day I began using your products, I became a loyal satisfied **NuBeauté** customer. The reason is simple. Your products work! People stare at me in disbelief when I tell them I am 61 years old. I am often told that my skin is beautiful, healthy looking and very youthful.

-- Mrs. Lo (Thornhill, Canada)

Since I've tried the NuBeauté **Daily Treatment Program** so many people have come up to me and said, "Hiromi, you've never looked better." I don't know about that, but I'll tell you something that I've never felt better. I've never felt healthier. Actually, I've never felt more beautiful. There's so much moisture to these products. My skin feels so much more hydrated than it ever has before. I love the texture of the products. I feel like I'm going to a mini day spa every time I use them. After I finish the 4-step Daily Treatment, there's a glow to my face that I haven't seen before.

-- Takakuwa (Singapore)

I was so excited to receive the Nutrican products and even more anxious to try them. I trusted my nutrition from the inside out with **Nutrican Health Products**. Now it was time to try the outside in. I love the concept of **NuBeauté** for your skin.

-- Yee Ling (Hong Kong)

Since I started using **NuBeauté** products, my skin feels so much moister and able to receive make-up and things that I put on which I had never found with other products. So for me, moist skin is wonderful. I find that every day I use these products, my skin looks better than it did the day before!

-- Sumon (Thailand)

I'm 43 years old, and I'm starting to develop little spots and lines on my face. But I've noticed that after a couple of weeks of using NuBeauté **Kojic Lotion**, some of the spots on my face have literally started to disappear. I think that's great! I find it remarkable that a science-based nutritional company has developed the best, *the best* skin care line available today.

-- Patricia (Toronto, Canada)

I have had "dry" skin for as long as I can remember. About half year ago, the condition of my scalp was practically unbearable. It constantly itched. It was all I could do to keep from scratching every couple of minutes. My girl friend would get very annoyed and ask if I had "bugs". My brother was visiting for Thanksgiving that year and had an Organic Shampoo she'd been using called NuBeauté. I tried it, and by the third day of use, I had very little itching whatsoever. I hardly dared to hope that the itching and embarrassment might be coming to an end, My brother left his bottle of **Organic Shampoo** with me when he returned home. I am no longer plagued with an itchy scalp and haven't been without NuBeauté shampoo since.
